What case do you put on the iPads at the school?
01:09PM Mon, 24 June 2013 GMT by Richard

Love my otter box cases

01:10PM Mon, 24 June 2013 GMT by Janet

Do you have your acceptable use contract posted/available for fifth grade?

01:11PM Mon, 24 June 2013 GMT by Dena

How did you handle COPA sign offs for Google Apps?

01:12PM Mon, 24 June 2013 GMT by Jim Corns

This is the District RUG http://www.eanesisd.net /students-and-parents/enrollment/docs/RUG

01:12PM Mon, 24 June 2013 GMT by Janet

Do you also have lap-tops in your schools?

01:13PM Mon, 24 June 2013 GMT by John

Were the students allowed to take the ipads home?

01:14PM Mon, 24 June 2013 GMT by John

Each teacher then makes their own iPad contract.

Any problems with online assessment (multiple choices vs writing/open ended)?

01:14PM Mon, 24 June 2013 GMT by Ashley

6-12 took them home

01:14PM Mon, 24 June 2013 GMT by @mustardlofgren

K-5 iPads stay in school. 6-12 they take them home.

01:14PM Mon, 24 June 2013 GMT by Janet

Did you assign an apple id to each child or did they use their own?

01:14PM Mon, 24 June 2013 GMT by John

We have laptops. It varies from Dell Latitude to Vostro and MacBook Pros.

01:14PM Mon, 24 June 2013 GMT by Janet

No Apple IDs K-5. If they are under 13 in the MS they get parent permission and the parent sets the Apple ID up for them.

01:15PM Mon, 24 June 2013 GMT by Janet

Great job elementary #ivenger team!

01:15PM Mon, 24 June 2013 GMT by Tim

We are still in the early stages of assessment. We used Infuse Learning, Socrative and Nearpod.

01:16PM Mon, 24 June 2013 GMT by Janet

We have ours deployed with a school apple ID - kids cannot download apps
01:16PM Mon, 24 June 2013 GMT by Linda Martin

But we only have a shared cart in school at this time - no BYOD
01:16PM Mon, 24 June 2013 GMT by Linda Martin

I will defer the COPA question until I get absolute clarification on how this is handled. jcouvillion@eanesisd.net
01:17PM Mon, 24 June 2013 GMT by Janet

We started with shared carts. Alot of this can apply to that set up
01:18PM Mon, 24 June 2013 GMT by Janet

Apps that allow multiple users are great for a shared situation. Using iFiles or eBackPack to share work.
01:19PM Mon, 24 June 2013 GMT by Janet
